II. Organization

The Audit Committee is comprised of three or more directors, as determined by the Board, each of whom satisfy the definition of independent director as defined in the applicable qualitative listing requirement for Nasdaq Stock Market, Inc. issuers and applicable SEC rules and regulations. All members of the Audit Committee must be financially literate at time of appointment, meaning they must have the ability to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. In addition, at least one member of the Audit Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with oversight responsibilities. The members of the Audit Committee and the Chairperson of the Audit Committee will be appointed by the Board on an annual basis.

III. Structure and Meetings

The Audit Committee shall meet a minimum of four times per year, or more frequently as circumstances may require. A quorum of the Audit Committee shall be declared when a majority of the appointed members of the Audit Committee are in attendance. The Committee Chairperson shall preside at the meeting and, in consultation with other members of the Audit Committee, will set the frequency and length of each meeting and the agenda of the items to be addressed at each meeting. The Committee Chairperson shall ensure that the agenda for each meeting is circulated to each Audit Committee member in advance of the meeting.

IV. Goals and Responsibilities

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible in order to best react to changing conditions and to provide assurance to the directors and stockholders of the Company that the corporate accounting and reporting practices of the Company comply with all requirements and are of the highest quality. At least annually, the risks associated with the Company's information technology processes should be reviewed.
5. Review all significant risks or exposures to the Company found during audits performed by the independent registered public accountants and the internal audit department and to ensure that these items are discussed with management. From these discussions, assess and report to the Board regarding how the findings should be addressed.
6. Review recommendations from the independent registered public accountants and the internal auditing department regarding internal controls and other matters relating to the accounting policies and procedures of the Company.
7. Following each meeting of the Audit Committee, the chairman of the committee will submit a record of the meeting to the Board including any recommendations that the Committee may deem appropriate.
8. Ensure that the independent registered public accountants discuss with the Audit Committee their judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in the financial reports. The discussion should include such issues as the clarity of the Company's financial disclosures and degree of aggressiveness or conservatism of the Company's accounting principles and underlying estimates and other significant decisions made by management in preparing the financial disclosures.
9. Review the Company's audited annual financial statements and the independent registered public accountants' opinion regarding such financial statements, including a review of the nature and extent of any significant changes in accounting principles.
10. Arrange for the independent registered public accountants to be available to the full Board at least annually to discuss the results of the annual audit and the audited financial statements that are a part of the annual report to stockholders.

12. Review with management and the independent registered public accountants all interim financial reports filed pursuant to the Securities Exchange Act of 1934.
13. Generally discuss earnings press releases and financial information as well as any earnings guidance provided to analysts and rating agencies.
14. Select, and annually review the performance of, the independent registered public accountants, considering independence and effectiveness, and be directly responsible for their appointment, compensation, retention and oversight (including resolution of disagreements between management and the independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company, and the independent registered public accountants shall report directly to the Audit Committee. The Audit Committee shall confirm the independence of the independent registered public accountants by requiring the independent auditor to disclose in writing all relationships that, in the independent registered public accountants' professional judgment, may reasonably be thought to bear on the ability to perform the audit independently and objectively.

15. Review the activities, organizational structure and qualifications of the internal audit function. The Audit Committee should also review and concur in the appointment, replacement, reassignment, or dismissal of the internal auditor.
16. Have in place procedures for (i) receiving, retaining and treating complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
